

End cap for parking rail high-high -Set

Product number LN-1010

Product description

Self-Adhesive End Caps – Easy Installation and Maximum Protection

Our **self-adhesive end caps** are designed as a **single-piece solution**, ensuring **quick and reliable installation** while protecting your floors from damage.

Key Features:

? **Effortless Installation:** Simply **snap the end caps on** and press them onto the floor – no tools required.

? **Secure Positioning:** Integrated **locking tabs** ensure **instant and precise alignment**.

? **Industrial-Grade Adhesive:** The underside is equipped with a **high-strength adhesive**, ensuring **firm and durable attachment**.

? **Floor Protection:** Adhesive bonding **prevents dirt and debris from entering** while **eliminating the need for drilling holes**, keeping your warehouse floor intact.

Upgrade your workspace with our **self-adhesive end caps**, combining **efficiency, durability, and cleanliness** in one easy solution.
