

ESD system trolley for Euro containers 60 x 40 H 134 cm without pull-out | 4x shelf, for 4 x EG64/22, including Euro container

Product number 1015137

Weight 47.7kg

Product description

Reliable Protection and Mobility for Your ESD-Sensitive Materials

Our **ESD system cart without extension** provides a robust and flexible solution for the safe transport and storage of ESD-sensitive components. With its sturdy aluminum profile construction and a load capacity of up to 400 kg, this cart is ideal for industrial applications. The three fixed shelves offer ample space for Euro containers measuring 60 x 40 cm. All parts, including the lockable wheels, are made from electrically conductive materials to prevent electrostatic charges.

Key Features:

- **Dimensions:** 60 x 40 x 134 cm
- **Material:** Electrically conductive aluminum
- **Load Capacity:** Up to 400 kg
- **Shelves:** Three fixed shelves
- **Wheels:** Lockable and electrically conductive

Advantages:

- **Optimal safety and protection against electrostatic discharge**
- **High stability and flexibility**
- **Perfectly suited for ESD-protected work environments**
