

Castor D100 Fitting Plate, bright zinc-plated

Product number ZB-3520

Weight 0.62kg

Product description

Steering and buck rollers are used on assemblies and handles of all kinds. They have a very good unwinding behavior and are highly resilient. The rollers are resistant to many environmental influences. Especially for use in electrical production, many rollers are also supplied in ESD version. The leak resistance of the ESD version is 110 ohms.

Product properties

Compatible with	Bosch
Part type	Apparatus castors
Size	Ø 100
Series	Series 60-10, Series 45-10, Series 50-10, Series 40-10, Series 30 8, Series 20-6
Load capacity	110 kg
Material	Galvanized steel
